Matabang, Toledo City, Cebu, Philippines, 6038

EDUCATION

Cebu Technological University – Main Campus Corner M.J. Cuenco Ave, R. Palma Street, Cebu City
BS Information Systems, GWA: 1.45 2027

Toledo City Science High School Ilihan Heights, Toledo City, Cebu, 6038 Philippines
High School Diploma, With Honors Aug 2017 – May 2023

- Graduated with Honors (Rank 12); Robotics Team member with 1st Place at the Division Science Fair 2019 and multiple placements (2nd, 4th, and 6th) in Regional Sumo Bot and Line Tracing competitions

EXPERIENCE

Full Stack Developer Trainee May 2026 – Present
Edufied Pte Remote

- Developed & maintained full-stack web applications across the SDLC, from requirements gathering to deployment
- Joined daily scrum meetings, collaborating with the team to troubleshoot issues and improve system functionality
- Evaluated and integrated software tools, maintained application security, and created technical documentation

PROJECTS

OWBAP - One Window Bayanihan Assistance Program | *Laravel 13, React, PostgreSQL, Redis, S3*

- Served as Capstone lead developer, team leader, and system analyst for a team of 4, designing the system architecture and analyzing core business processes for a full-stack inter-agency case management system for the Department of Migrant Workers
- Centralized OFW case tracking and referral workflows across multiple government agencies using Laravel 13, React, and Inertia.js with PostgreSQL, and S3-compatible storage
- Designed secure authentication with email OTP, TOTP MFA, RBAC, audit logging, and rate limiting, and authored technical documentation covering architecture, API contracts, deployment, and CI/CD

OEC Verify | *Next.js, TypeScript, Supabase, PostgreSQL, Tailwind CSS*

- Developed a full-stack verification platform with RBAC, Row-Level Security, encrypted receipt tokens, and QR code verification for secure application intake and evaluator workflows

Normalite EDGE – Everyday Guide to Excellence | *React, TypeScript, Node.js, Express, Prisma, PostgreSQL*

- Developed a web-based reviewer system for Cebu Normal University with mock exams, flashcards, analytics, scheduling, and exam import/export to automate content management

LETReview – Licensure Exam Reviewer (PWA) | *TypeScript, Next.js, React, Firebase, Tailwind CSS*

- Developed a full-stack PWA for licensure exam preparation with quiz mode, flashcards, and gamification (streaks, achievements, virtual pets) to drive engagement
- Integrated Firebase authentication and real-time database, reaching 120+ users and 4,000+ visits within 14 days of launch

Portfolio Website | *Next.js, React, TypeScript, Tailwind CSS*

- Developed and deployed a responsive personal portfolio using React.js to showcase projects and technical skills

BNHS eDocument Request and Tracking System | *Laravel, Livewire, Tailwind, PostgreSQL, Cloudinary*

- Developed backend using Laravel (MVC) and designed PostgreSQL database to streamline and automate document request workflows

TECHNICAL SKILLS

Languages: PHP, TypeScript, Python

Frameworks: Laravel, Livewire, React, Inertia.js, Next.js, Express, Tailwind CSS, ShadCN/UI, Radix UI, Lucide React

Backend & APIs: Node.js, MVC, RESTful APIs, MySQL, PostgreSQL, NoSQL, Prisma ORM, JWT

Tools & Platforms: Git, Docker, NPM, Vercel, Render, Supabase, Cloudinary, AWS Aurora, Firebase

CERTIFICATIONS & AWARDS

AWS SBG Core Team Member Badge – Amazon Web Services, Jul 2026

Networking Basics – Cisco, May 2025

iLeap IP Course Certificate – IPOPHL, May 2024

Introduction to Python – Coursera, Apr 2024
